

GRACE

STATEMENT OF PURPOSE

GRACE (Giarratano Review Action Committee) is a bipartisan group of concerned individuals seeking justice for Joseph Giarratano, death row inmate in Virginia.

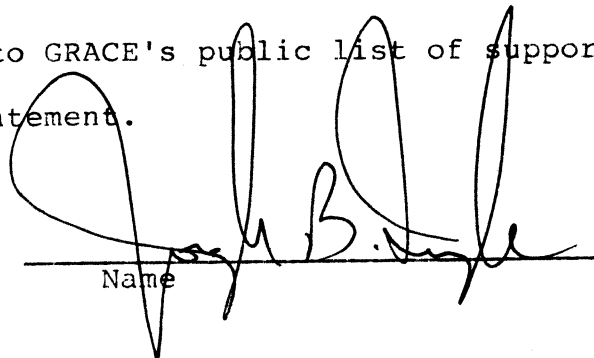

New evidence produces overwhelming doubt of Mr. Giarratano's guilt and points strongly to his innocence. The State has refused to disclose to the public, and to the defense, evidence which it has in its possession which could further prove Mr. Giarratano's innocence.

The Virginia Constitution gives the governor wide latitude in deciding the cases of prisoners condemned to death.

GRACE seeks to draw the public's attention to the issues involved in Mr. Giarratano's case and to successfully petition Governor Wilder to cause the disclosure of all evidence in the case and to take immediate steps to ensure that a fair trial be held.

We ask you to join GRACE in seeking justice for Joseph Giarratano.

If we can add you to GRACE's public list of supporters, please sign and date this statement.
